A blue wireframe Christmas tree is the central focus of the image. It is composed of a network of glowing blue lines forming a triangular mesh. Scattered throughout the tree's structure are several small, semi-transparent icons: hearts, a bell, and a star. The tree is set against a dark blue background with a subtle, glowing circular aura around its base. In the bottom right corner, there are three white decorative elements: a vertical line, a circle, and a rounded rectangle.

A blue wireframe globe is centered on a dark blue background. The globe is composed of a network of glowing blue lines and dots, forming a mesh that represents the Earth. Overlaid on the globe are several semi-transparent icons: a heart, a dollar sign, and a person. The text "The Market Story" is written in a bold, white, sans-serif font across the center of the globe.

Client Story One

Ad hoc: Cyber Attack on Evotec

Hamburg, Germany, – Evotec SE (Frankfurt Stock Exchange: EVT, MDAX/TecDAX, ISIN: DE 000 566480 9, WKN 566480; NASDAQ: EVO) announces that on 06 April, 2023 a cyber attack occurred on Evotec's IT systems. As a result, the systems were shut down proactively and disconnected from the Internet to secure from data corruption or breaches. The IT systems are currently being examined and the scope of the impact is being reviewed. Highest diligence will be applied to data integrity.

- End of the ad hoc release -

Biotech CEO Gets Hands-On After Cyberattack to Protect Business

Evotec's Werner Lanthaler knew ransomware could easily spread, encrypting or exposing business partners' data

[The CEO] **took an uncommonly active, public role** in the cyber response at Evotec.

[The CEO] **is convinced that his openness helped keep the business afloat**. “You can’t give any guarantee when you are back to productivity, so the loyalty of our partners was immediately on our mind,” he said.
